MEMORANDUM

TO: THE VILLAGE COUNCIL
FROM: NICOLE
SUBJECT: SPECIAL MEETING AGENDA
DATE: 04/14/2015

*Cemetery Board Request: Fred Walsh had something that needed to be addressed by the Cemetery Board regarding Veteran markers. Mark Larsen will explain.

*Water Main Breaks: As explained in my email from this morning, we are having structural failure issues (leaks) with the water main located in the vicinity of the fire department and Hull Lumber (3 possibly 4 breaks within a week). After the DPW and Porath finish repairing the leaks, we will have more information available to discuss.

*Village Manager: This special meeting was originally scheduled so the council could have a work session to review the resumes, score sheets, and reference checks, and then decide the next step.
