March 22, 2021

**Members Present:** CEO Ron Alden, President Thomas O'Brien, Phil Weiler, Mike Walker, Crystal Brabant, Jessie Sharpe, Diane Love Suvada, Peggy Kish,

**Video Conference Vice President** Jim Anderson, Tom Barber, Secretary Sue Jock

**Excused:** Treasurer Andrea Weiss, Sue McFatrige,

**Absent:**

DDA Meeting Called to order at 8:04

**Others Present:** Beth Barber, Kate Otwell.

Purpose of meeting is for 801 Lake Street business proposal.

Feedback:

Discussion was held in regards to application submission from the Butchers Wife. Types or specific avenues for sale was discussed, such as a traditional buyer's agreement, private funding, lease purchase agreements. The groups' objective had a theme of orchestrating a sale with assurances in place that the building would have improvements completed in a suitable timeline and occupancy of viable candidate to execute sale. Pricing and structuring options were discussed and the following motion was made:

Part "A" - Motion by Tom OBrien for a lease purchase agreement for 801 Lake Street with **The Butcher's Wife** with the following to be included: One dollar (\$1.00) lease agreement up to 12-month period with a purchase price of \$80,000. Work to be completed within one year and \$40,000 minimum improvements to the building is the stipulation. At this time 801 Lake Street would also be eligible for a façade grant. **The Butcher's Wife** responsible (triple net lease) for all utilities and taxes. This negation is to be written by an attorney and signed by the DDA President.

Part "B" - Cash offer option for 801 Lake Street with **The Butcher's Wife** with the following to be included: Purchase price of \$80,000. A written insurance and time line would to be required that \$40,000 minimum improvements will be completed to the building. The project would not be eligible for a façade grant. This negation is to be written by an attorney and signed by the DDA President, second by Phil Weiler, motion carried.

Kate Otwell needs to discuss with her investment group, they are wanting the building as part of their security.

Motion by Ron Alden the DDA allows Tom O'Brien to oversee the agreement and approve it, second by Phil Weiler, motion carried.

Kate Otwell will get with investors and respond by later this week.

Motion by Mike Walker second by Jess Sharpe to adjourn, motion carried at 9:17.

## DPW Report for April 2021 Council Meeting

Here are some of the key points I would like to take time to acknowledge.

- Update on Well #3: We had the well company come back and camera the well again. While doing so it was found that at 167' there was a hole in the casing allowing ground water and other debris into the casing. They feel this is where the positive test results were coming from. We are working with the engineering firm and well company to determine the best fix, they are hoping to be able to roll this into the USDA project.
- We have been working on getting our spring clean up taken care of. All the sidewalks have been swept in the downtown area. The road commission will be coming into town and taking care of sweeping all of downtown, the last week in April and first week of May I have a broom rented to sweep all our streets.
- With the USDA project starting soon I will be having the crew begin flushing hydrants the month of April instead of May like normal. We will be sending out a one call notice when this begins.
- USDA Project Update: We have gotten all bids back, water side they came in slightly under budget, with Team Elmer's getting the watermain replacement and Coal Inc. getting the new Well house project. The sewer side came in slightly under as well giving us the opportunity to add new pumps at 3 of the oldest lift stations. Avery construction got the sewer lining project with RCL construction getting the work at the sewer plant and lift stations.
- The bathrooms at Wallace park will be opening the end of this month as long as we continue to have nice weather.
- The Mdot (Division St.) project is scheduled to begin June 1<sup>st</sup>, this can only happen as long as we have the new watermain installed down there prior to June 1.

As always feel free to contact me with question or concerns.
